## HOW TO CITE RULES AND RSMo

**RULES**—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

| Title           | Code of State Regulations | Division                | Chapter                      | Rule                           |
|-----------------|---------------------------|-------------------------|------------------------------|--------------------------------|
| 1<br>Department | CSR                       | 10-<br>Agency, Division | 1.<br>General area regulated | 010<br>Specific area regulated |

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

**RSMo**—The most recent version of the statute containing the section number and the date.

**R**ules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the United States Constitutions; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

**R**ules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the Missouri Register as soon as practicable.

**A**ll emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

funeral directors from two hundred dollars (\$200) to sixty dollars (\$60) for the 2016 renewal period.

Without this emergency amendment the decreased fee requirement will not be effective in time for the renewal notice and the board will collect more revenue than it is statutorily authorized to collect.

The scope of the emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. In developing this emergency amendment, the board has determined that the fee decreases are necessary to prevent funds from exceeding the maximum fund balance thereby resulting in a transfer from the fund to general revenue as set forth in section 333.231.3, RSMo. Pursuant to section 324.001.10, RSMo, a compelling governmental interest is deemed to exist for the purposes of section 536.025, RSMo, for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the Division of Professional Registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue. The board believes this emergency amendment to be fair to all interested persons and parties under the circumstances. This emergency amendment was filed February 2, 2016, becomes effective February 12, 2016, and expires August 9, 2016.

(7) The following renewal fees shall be effective from March 1, 2016 to June 30, 2016:

|---|-------|
| (A) Embalmer Biennial Renewal Fee         | \$ 60 |
| (B) Funeral Director Biennial Renewal Fee | \$ 60 |

**AUTHORITY:** section 333.III.1, RSMo 2000, and section 333.340, RSMo Supp. 2013. This rule originally filed as 4 CSR 120-2.100. Emergency rule filed June 30, 1981, effective July 9, 1981, expired Nov. 11, 1981. Original rule filed June 30, 1981, effective Oct. 12, 1981. For intervening history, please consult the **Code of State Regulations**. Emergency amendment filed Aug. 11, 2015, effective Aug. 21, 2015, expired Feb. 25, 2016. Emergency amendment filed Feb. 2, 2016, effective Feb. 12, 2016, expires Aug. 9, 2016.

**Title 20—DEPARTMENT OF INSURANCE,  
FINANCIAL INSTITUTIONS AND PROFESSIONAL  
REGISTRATION**

**Division 2120—State Board of Embalmers and  
Funeral Directors**  
**Chapter 2—General Rules**

**EMERGENCY AMENDMENT**

**20 CSR 2120-2.100 Fees.** The board is proposing to add section (7).

**PURPOSE:** The State Board of Embalmers and Funeral Directors is statutorily obligated to enforce and administer the provisions of Chapter 333, RSMo. Pursuant to section 333.III, RSMo, the board shall, by rule and regulation, set the amount of the fees authorized by Chapter 333, RSMo, so that the revenue produced shall not substantially exceed the cost and expense of administering the provisions of Chapter 333, RSMo.

**EMERGENCY STATEMENT:** The State Board of Embalmers and Funeral Directors is statutorily obligated to set all fees, by regulation, necessary to administer the provisions of Chapter 333, RSMo. Pursuant to section 333.III, RSMo, the board shall, by regulation, set the amount of fees authorized by Chapter 333, RSMo, to produce revenue which shall not substantially exceed the cost and expense of administering the provisions of Chapter 333. Therefore, the board is proposing to decrease the biennial renewal fee for embalmers and

**U**nder this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

**E**ntirely new rules are printed without any special symbol—*ogy* under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

**A**n important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

**I**f an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

**A**n agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

**I**f an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

**2 CSR 80-2.050 Inspection Frequency and Procedure.** The board is amending section (1).

2. For students attending institutions that do not participate in the federal Title IV student financial aid programs and are therefore ineligible for federal Title IV student financial aid, completion of the predictor tool for federal Title IV student financial aid eligibility approved by the USDE, commonly known as the FAFSA4caster, is acceptable; or

If, during the initial year of a two- (2-) year certificate of approval, the school's official published cohort default rate exceeds the above threshold, the school will be required to return to eligibility by the next annual official publication or be identified as failing to maintain eligibility criteria for a two- (2-) year certificate of approval; and

I. Have not added more than one (1) new branch during the most recent term of biennial recertification granted by the department.

2. Failure to maintain eligibility criteria will result in *[rescission of the biennial recertification]* the school deemed ineligible to renew the two- (2-) year certificate of approval. *[Schools will be issued a certificate that must be renewed annually.] Schools will be notified by the department of the loss of eligibility and will be required to renew the certificate of approval on an annual basis.* Schools may not reapply for biennial recertification for two (2) years from the date of notification by the department and must meet all eligibility criteria.

6. Any school that operates two (2) or more main campuses in the state may combine, or report separately, gross tuition for all locations for the purpose of determining the annual security deposit requirement. All locations at which instruction is proposed to be offered by a franchisee of a franchisor approved to operate shall be deemed a location within the scope of such franchisor's approval, provided that the franchisor provides the course curriculum and guidelines for teaching at each location and that a single location is identified as the principal facility for record keeping.

B. Denial, revocation, or suspension of certificates of approval to operate for a franchisor shall be deemed to apply to all franchisee locations. The certification of an individual franchisee (as listed on the franchisor's application for certification) may be denied, revoked, suspended, or placed in a status of probation for just cause.

3. Changes in physical location.

A. The department must be notified at least thirty (30) days prior to the effective date of proposed changes in or additions to the location(s) of the school operations.

B. Such changes shall not be effective except on review and authorization by the department.

C. As a condition of authorization for the implementation of changes and additions of location under the school's certificate to operate, accredited schools must provide written documentation of the approval of such changes by the accrediting association.

4. Programmatic additions, discontinuances, and revisions.

A. The department must be notified at least thirty (30) days prior to the effective date of non-substantive programmatic additions,

discontinuances, and revisions (including, but not limited to, changes in name, length, cost, or objective).

B. Substantive revisions to existing programs of instruction and the initiation of proposed new program offerings must be submitted for review in the format established by the department. The school must demonstrate that revised and additional programs are in compliance with certification standards, as described in paragraph (6)(B)1. of this rule, in order for these programs to be approved for inclusion within the scope of the certificate of approval. Such changes shall not be effective except on authorization by the department.

C. As a condition of authorization for the implementation of programmatic changes under the school's certificate to operate, accredited schools must provide written documentation of the approval of such changes by the accrediting association.

D. Schools must submit a complete proposal to the department at least ninety (90) days prior to implementation of a new program. Incomplete proposals will be returned without review. A complete proposal must include at least the following, as prescribed by the department:

- (I) A signed letter of notification;
- (II) A complete new program request form;
- (III) All required new program request form attachments;

and

- (IV) Payment of any required fees.

E. Schools must submit a complete proposal to the department at least sixty (60) days prior to implementation of a substantive change to an existing program. Incomplete proposals will be returned without review. A complete proposal must include at least the following, as prescribed by the department:

- (I) A signed letter of notification;
- (II) A complete program revision request form;
- (III) All required program revision request form attachments; and

- (IV) Payment of any required fees.

F. Upon receipt of a complete proposal for a new program or a substantive change to an existing program, the department will provide an acknowledgement to the school that includes the official date of receipt.

G. The department must provide the school with a written response to a proposal for a new program within ninety (90) calendar days or a substantive change to an existing program within sixty (60) calendar days. The response may notify the school of final approval, tentative approval, or additional information that must be submitted to complete the review. If the response is not provided within the required time frame, the school may offer the program until the department completes its review and identifies a substantive issue or issues that need correction.

H. If the department fails to provide a written review within the time frame established in subparagraph (8)(E)4.G. of this rule, the department will notify the school of the results of the review within ninety (90) days of the expiration of the initial time frame. The school will then have ninety (90) days from that notice to correct identified deficiencies without ceasing to offer the program. The school must cease offering the new or revised program if it fails to make the required corrections within the ninety- (90-) day time period.

**5. Continuing education.**

A. Certified schools may offer continuing education upon approval by the department and payment of a fee. Branch campuses and extension sites will be approved to offer the same continuing education as the main campus. Fees will be charged to the main campus only.

B. Certified schools may consolidate all qualifying continuing education offerings on the official program inventory under the title "Continuing Education." Schools are required to submit to the department a list of all continuing education to be offered during the upcoming certification period and pay an annual fee.

**Failure to submit a list of continuing education with the annual fee may result in denial of approval to offer continuing education for the next certification period.**

C. Certified schools holding recognized regional or national accreditation must provide documentation verifying approval of the continuing education by the school's accrediting body or documentation from the accrediting agency indicating the school is not required to obtain approval as the continuing education is outside the scope of accreditation.

D. Certified schools must disclose in school publications the continuing education is not offered for academic credit, and may not be accepted in transfer to another postsecondary institution.

(I) Accredited schools must disclose in school publications if the continuing education is not within the scope of accreditation.

(II) School publications must include all pertinent policy disclosures, costs, and any equipment or technological requirements for participation in continuing education.

E. Continuing education offered by certified schools at no cost to the student, including employer-sponsored instruction or training available only to employees, is not required to be included on the annual program inventory submitted to the department.

*I(F)(G)* Change of Ownership.

1. A certificate of approval is nontransferable. A change in the sole proprietor of a school, a change in the majority interest of general partners of a partnership owning a school, or a change in a majority stock ownership of a school shall be deemed a transfer of ownership.

2. Within thirty (30) days of such transfer the new owner shall make application for a new certificate of approval on application forms as determined by the department.

3. This application shall be processed like an initial application except the Coordinating Board may issue a temporary certificate to be effective for a maximum of sixty (60) days if the chief administrator furnishes a written statement asserting that all conditions set forth in the rule are being met or will be met before offering training or education.

4. Failure to make application to the department, when a change of ownership occurs, shall be grounds for placing a school on probationary status or for suspension, revocation, or denial of a certificate of approval.

*I(G)(H)* Change of School Name.

1. The department must be notified at least thirty (30) days prior to the effective date of proposed changes in the official name of a school. Name changes shall not be effective except on authorization by the department.

2. As a condition of authorization for the implementation of a name change under the school's certificate to operate, accredited schools must provide written documentation of the approval of the change by the accrediting association.

*I(H)(I)* Except as pursuant to the initial approval to operate, a certificate of approval will not be issued to any school that has reported no student enrollments during the previous certification year. A school having a full certification year without student enrollments shall be deemed as not being a school eligible for certification.

**(9) Certification of Out-of-State Institutions.**

**(D) Operating a Branch Campus.**

1. In order to operate in Missouri, an out-of-state institution must comply with the same standards and procedures as are applicable to institutions indigenous to Missouri and must be annually certified as approved to operate, **except as provided elsewhere in this rule for two- (2-) year certification.**

2. Each branch campus where, from, or through which an out-of-state school operates in Missouri must be independently certified even though those sites are branches of the parent non-Missouri insti-

tution. Separate applications must be submitted for each branch campus and all application information must be specifically for that site and not for the non-Missouri parent institution.

3. Each branch campus where, from, or through which an out-of-state school operates in Missouri must designate in the application a resident director in order to be eligible to be certified to operate.

4. Application forms for annual or biennial certification and follow-up communications, including the issuance of the certificate, shall be distributed by the department directly to the designated resident director of each branch campus of an out-of-state school operating in Missouri. This procedure does not prohibit the director of the Missouri site from forwarding the mailings to the parent institution for processing nor does it prohibit the payment of certification fee and deposit of security by the parent institution; however, the institution must comply with all closing dates and deadlines.

**Title 13—DEPARTMENT OF SOCIAL SERVICES  
Division 40—Family Support Division  
Chapter 2—Income Maintenance**

**PROPOSED AMENDMENT**

**13 CSR 40-2.350 Time Limit for Receipt of Temporary Assistance.** The department is amending this regulation by adding new requirements, in accordance with Senate Bill (24) (2015) (hereinafter “SB24”), and clarifying language.

**PURPOSE:** The amendment adds the definition of “assistance.” Section (2) changes the TA lifetime limit to forty-five (45) months, in accordance with SB24, and includes clarifying language. The addition of sections (3), (4), and (5) reorganizes and clarifies the federal exemptions, state exemptions, and hardship extensions to the forty-five (45) month lifetime limit, respectively. The new sections (6) and (7) require true, accurate, and complete information from participants, and afford participants hearing rights.

**(PURPOSE: This rule establishes a five (5)-year time limit on receipt of Temporary Assistance.**

(1) Subject to the exceptions contained in this section, for the purpose of the administration of the Temporary Assistance Program, the Division of Family Services shall not provide or continue to provide assistance to or on behalf of—

(A) A family that includes an adult who has received assistance, whether provided in Missouri or another state or territory, or whether provided before or after the effective date of these rules, for a total of five (5) years (sixty (60) cumulative months, whether or not consecutive); and

(B) For purposes of the administration of subsection (1)(A) of this rule the Division of Family Services shall not count towards the five (5)-year (sixty (60)-month)-limit—

1. Any month of receipt of assistance by an individual when—

A. The individual is participating in a wage supplementation program; or

B. The individual was a minor and not the head-of-household nor married to the head-of-household; and

2. Any month in which an adult lived in Indian country (as defined in section 1151 of Title 18, United States Code) or in a Native Alaskan Village if at least one thousand (1,000) individuals were living on the reservation or in the village and at least fifty percent (50%) of the adults living on the reservation or in the village were not employed.

(2) Notwithstanding the provisions of subsection (1)(A) of

this rule the Division of Family Services has the option to extend assistance from the Temporary Assistance Program beyond the five (5)-year limit. The division may, but is not required to, extend such additional assistance to a family only on the basis of—

(A) Hardship; or

(B) The fact that the family includes someone who has been battered, or subject to extreme cruelty based on the fact that the individual has been subjected to—

1. Physical acts that resulted in, or threatened to result in, physical injury to the individual;

2. Sexual abuse;

3. Sexual activity involving a dependent child;

4. Being forced as the caretaker relative of a dependent child to engage in nonconsensual sexual acts or activities;

5. Threats of, or attempts at, physical or sexual abuse;

6. Mental abuse; or

7. Neglect or deprivation of medical care.

(C) If the division opts to extend assistance to part of its caseload as permitted under this section, it will only determine whether or not the extension applies to a specific family once an adult in the family has received sixty (60) cumulative months of assistance.]

**PURPOSE:** This rule establishes procedures for the implementation of the forty-five (45) month lifetime limit for the receipt of Temporary Assistance (TA), and exemptions to that limit beginning January 1, 2016, pursuant to section 208.040.5, RSMo.

(1) For purposes of this rule, “assistance” shall be defined according to the definition in section 260.31 of Title 45, Code of Federal Regulations.

(2) A family is not eligible for TA if the family includes an adult who has received assistance a cumulative total of forty-five (45) months, subject to the exemptions provided by this rule.

(A) This limit shall apply regardless of whether the family with an adult has received assistance in Missouri, another state, or territory, under the Temporary Assistance for Needy Families Block Grant (TANF) program authorized by sections 601–619 of Title 42, United States Code.

(B) This limit shall apply regardless of whether the adult has received Temporary Assistance before or after the effective date of these rules.

(C) The total cumulative months do not need to be consecutive.

(D) To determine the total cumulative lifetime limit, the division shall include all months in which the adult received TANF cash assistance in Missouri, on or after July 1, 1997. If TANF cash assistance was received in another state, the division shall include all months in which the adult received federal TANF cash assistance from the date that state’s TANF program commenced.

(3) The division shall not count any month of receipt of assistance by a participant towards the forty-five (45) cumulative month limit, as defined in section (2), when—

(A) The participant was a minor and neither the head-of-household nor married to the head-of-household in the month the participant received assistance; or

(B) The participant’s household includes a person who has been battered or subjected to extreme cruelty.

1. The participant has been battered or subject to extreme cruelty when the participant has suffered mental abuse, neglect, or a deprivation of medical care, or physical acts that resulted in, or threatened to result in, either physical injury, non-consensual sexual acts, or sexual abuse to the participant; or

(C) The participant adult lived in Indian country (as defined in section 1151 of Title 18, United States Code) or in a Native Alaskan Village, if at least fifty percent (50%) of the adults living

on the reservation or in the village were not employed.

(4) Pursuant to section 264.1(b)(2) of Title 45, *Code of Federal Regulations*, the division shall not count any month of receipt of assistance by a participant towards the forty-five (45) cumulative month limit, as defined in section (2), when the participant is receiving assistance funded by certain separate state programs, as defined in section 270.2 of Title 45, *Code of Federal Regulations*. The exemption from the lifetime limit applies when—

(A) The adult participant is age sixty (60) or over; or  
 (B) The adult participant is permanently and totally disabled as defined by section 1382c(a)(3) of Title 42, *United States Code*, or is receiving employer-sponsored disability payments; or

(C) The participant is a teen parent head-of-household under the age of eighteen (18) and is attending a secondary school, or taking a course of study leading to a certificate of general equivalence; or

(D) The adult participant is required to remain in the home to care for a disabled household member.

(5) Hardship Extension. The division, pursuant to section 208.040.5(5), RSMo, shall provide Temporary Assistance to the following adults, beyond the lifetime limit, if one (1) or more of the following conditions occur:

(A) Substance abuse. A participant has a substance abuse hardship when the participant has been—

1. Diagnosed by either a physician, licensed psychologist, or licensed clinical social worker with a substance abuse issue; and

2. Is receiving treatment through residential care, day treatment, counseling, support groups, group education, group counseling, C-STAR, Alcoholics Anonymous (AA), Narcotics Anonymous (NA), or other generally accepted substance abuse treatment methods;

3. This hardship will terminate upon completion of the substance abuse treatment, or upon the failure of the participant to cooperate with the treatment, unless there are circumstances beyond the participant's control;

(B) Mental health crisis. A participant has a mental health crisis hardship when the participant is unable to work due to a mental health condition, and has also been—

1. Diagnosed with a mental disease or condition by either a physician or licensed psychologist or division medical team review; and

2. Receiving services from Vocational Rehabilitation due to a mental health condition; or

3. Receiving treatment through residential care, counseling, support groups, mental health case management with a community support worker, or targeted case management;

4. This hardship will terminate—

A. Upon the failure of the participant to cooperate with treatment, unless there are circumstances beyond the participant's control; or

B. When the condition is no longer preventing the participant from working;

(C) The participant has an active case with the Children's Division (CD) in family centered services, as defined at 13 CSR 35-32.020(3), or alternative care, pursuant to Chapter 211, RSMo.

1. To qualify for a hardship extension under this subsection, the participant must be actively working with and cooperating with CD, and is complying with the treatment and/or services plan. The division shall determine if the participant has a hardship as the result of an active case with CD, after the division contacts CD. The division shall confirm with CD—

- A. That the participant has an active CD case;
- B. The anticipated duration of the active case; and
- C. Whether the termination of the participant's TA cre-

ates a hardship for the participant. The participant must notify the division that the participant is involved with CD;

(D) If the division extends assistance to part of its caseload as permitted under this section; it will only determine whether or not the extension applies to a specific family once the adult claiming the hardship has received forty-five (45) cumulative months of assistance; and

(E) The average monthly number of families receiving a hardship extension under this section shall not exceed twenty percent (20%) of the average monthly number of families to which assistance is provided during the fiscal year or the immediately preceding fiscal year;

(6) All information provided to the division by the participant seeking a hardship exemption to the forty-five (45) cumulative month limit shall be true, accurate, and complete.

(7) A participant who is aggrieved by a decision of the division under this regulation may appeal the division's decision pursuant to section 208.080, RSMo.

**SUMMARY OF COMMENTS:** The department received one (1) comment regarding the rule.

**COMMENT #1:** Karen Werner requested an interpretation of subparagraph (1)(B)1.G. and whether it means that no bedding may be used in a crib, portable crib, or playpen except a fitted sheet.

**RESPONSE:** The language in subparagraph (1)(B)2.G. is based upon the requirements set forth in section 210.223.5, RSMo, and the safe sleep practices recommended by the American Academy of Pediatrics for licensed child care facilities. Section 210.223.5, RSMo, specifically prohibits the use of “bumper pads, pillows, quilts, comforters, sleep positioning devices, sheepskins, blankets, flat sheets...and other similar items” in safe sleep environments and requires providers to keep them away from sleeping infants. Subparagraph (1)(B)2.G. means that soft or loose bedding, including, but not limited to, the specific items listed, shall be kept away from sleeping infants and out of safe sleep environments such as cribs, portable cribs, or playpens. No changes have been made to the rule as a result of this comment.

**Title 4—DEPARTMENT OF ECONOMIC  
DEVELOPMENT**  
**Division 340—Division of Energy**  
**Chapter 2—Energy Loan Program**

## IN ADDITION

**Notification:** Applications accepted between April 1, 2016 and June 30, 2016 for Energy Efficiency and Renewable Energy Loan Cycle.

The Missouri Department of Economic Development's (department) Division of Energy is making available approximately five million dollars (\$5,000,000) in loan financing for qualified energy efficiency and renewable energy projects. Energy-saving investments may include projects such as insulation, lighting systems, heating and cooling systems, combined heat and power, pumps, motors, aerators, renewable energy systems, and other measures that reduce energy use and cost. Recipients repay loans with money saved on energy costs.

**Eligible Energy-Using Sectors:** Loan funds will be allocated to eligible energy-using sectors as follows:

- Public Schools (K-12): twenty-five percent (25%) of available funds;
- Public and Private Higher Education Institutions: twenty-five percent (25%) of available funds;
- Public and Private not-for-profit Hospitals: twenty-five percent (25%) of available funds; and
- Local Governments: twenty-five percent (25%) of available funds. Local governments include a county, city, or village (which may include water treatment plants or waste water facilities), local government/public owned airport facilities (municipal, county, regional, and international); or any hospital district as defined in section 206.010, RSMo; or any sewer district as defined in section 249.010, RSMo; or any water supply districts as defined in section 247.010, RSMo; or any ambulance district as defined in section 190.010, RSMo; or any sub-district of a zoological park and museum district as defined in section 184.352, RSMo.

**Application Procedures:** An application for loan funds may be submitted to the department for the purpose of financing all or a portion of the cost of implementing an energy-saving project.

Each applicant may apply for a loan not to exceed one million dollars (\$1,000,000). Loan applications will not be considered for less than ten thousand dollars (\$10,000) or with a payback score of less than six (6) months.

If funds remain after review and priority ranking of applications, the department will consider awarding loans in excess of one million dollars (\$1,000,000).

Requests for loan financing must be made using the Division of Energy's Energy Loan Program Application Authorization Form, Fuel Use Summary Form, and Energy Conservation Measure Summary Form. Application forms and instructions are available on

the department's website: <http://energyloan.mo.gov>.

The Application Authorization Form must be signed and dated by an authorized official. An authorized official is an individual with authority to obligate an eligible applicant to the terms of loan agreement and promissory note to repay loan proceeds.

A paper or electronic copy of the signed original Application Authorization Form and required documents may be submitted to the department's address below.

Applications received after June 30, 2016 will not be considered for a loan award for this 2017 cycle but may be held for consideration during subsequent application cycles.

The department may request additional information as needed to determine the feasibility of a project, the project's estimated annual energy savings, and financial risks of a loan transaction. Also, an energy conservation measure has the potential of affecting other areas within the facility or system. Applicants must have no outstanding actions for violations of applicable federal, state, or local laws, ordinances, and rules.

**Interest Rates:** Loan principal plus two and three quarters percent (2.75%) interest is to be repaid to the department in semi-annual payments not to exceed a ten- (10-) year repayment period. An administrative fee of one percent (1%) of loan principal will be added to the repayment amount.

**Selection Criteria:** Recipients of loan financing will be determined on a competitive basis. Applications will be ranked based on the project's payback score, which is determined by dividing the cost to implement a project by the estimated yearly energy cost savings. Projects with the lowest payback score in each sector allocation will be funded until all available funds are allocated. If all funds are not allocated in any one (1) sector after ranking payback scores, the department may allocate funds to other sectors. Loan applications will be approved or disapproved by September 30, 2016.

of Skill Performance Evaluation Certificates to Intrastate Commercial Drivers with Diabetes Mellitus or Impaired Vision

**SUMMARY:** This notice publishes MoDOT's receipt of applications for the issuance of Skill Performance Evaluation (SPE) Certificates from individuals who do not meet the physical qualification requirements in the Federal Motor Carrier Safety Regulations for drivers of commercial motor vehicles in Missouri intrastate commerce because of impaired vision or an established medical history or clinical diagnosis of diabetes mellitus currently requiring insulin for control. If granted, the SPE Certificates will authorize these individuals to qualify as drivers of commercial motor vehicles (CMVs), in intrastate commerce only, without meeting the vision standard prescribed in 49 CFR 391.41(b)(10), if applicable, or the diabetes standard prescribed in 49 CFR 391.41(b)(3).

#### SUPPLEMENTARY INFORMATION:

##### Public Participation

If you want us to notify you that we received your comments, please include a self-addressed, stamped envelope or postcard.

##### Background

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo, MoDOT may issue an SPE Certificate, for not more than a two- (2-) year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each appli-

cant to determine whether issuing an SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.
